

PHILLIP ISLAND

Phillip Island is home to an abundance of nature. Watch hundreds of Fairy Penguins returning to their burrows at the famous Penguin Parade, come face to face with koalas dozing in their treetop homes at the Koala Conservation Centre, cruise past Australia's largest colony of fur seals or fish for trout. There are lots of other great attractions to suit families and couples – take a helicopter flight or try go-kart racing on a replica track at the famous Phillip Island Grand Prix Circuit.
